**WHO WE ARE**  
The Alternative Center is a day program for extraordinary people with extraordinary abilities. We work with adults with developmental disabilities and special needs. We work with 10 Waiver, Level One Waiver, Ohio Home Care and Transition Waivers, as well as local funding through Delaware, Licking and Franklin Counties.

## OUR MISSION

To give each individual the opportunity to share their ideas, demonstrate their uniqueness and show the community and world their *abilities*, as opposed to their disabilities.

In treating everyone as the talented adult that they are, we believe good ideas can flow from each person.

## OUR CREATIONS

We transform ideas into products like hand poured candles, gifts in a jar, seasonal decorations and homemade dog treats.

New creative ideas are always arising and new products are constantly being made. After the crafts are finished, they are displayed for sale in our very own showroom and/or taken to local crafts shows.

## OUR BEGINNINGS

The Alternative Center was started in 2008, with a vision to be a place where new each person's abilities can be used for good and where ideas are able to flow. From the beginning, we have welcomed uniqueness of each individual and have encouraged him or her to apply all of their skills and talents to everything we do. This vision is embraced in our logo.
